WHY SHOULD I BE A VOLUNTEER?
And HOW TO VOLUNTEER

New volunteers are always needed at Olympic Medical Center and the rules and regulations of hospital
procedure are easily learned. Since supervision of all volunteers is mandatory, you will receive understanding
guidance and whatever training you may need.

To volunteer, your first step is to contact Kathy Coombes, Volunteer Coordinator for an application by calling
360-565-9110 or go to the hospital website www.olympicmedical.org. She will want to know the type of tasks
you prefer and any background information that supports your eligibility. You will be asked to fill in a formal
application and sign a volunteer agreement. Working with her you will reach an agreement on where you will
volunteer in the hospital.

YOU WILL BE EXPECTED TO

1. Make a firm commitment on specific services for a specific number of hours, and at specified times
   and are able to volunteer for no less than a 6 month commitment.
2. Attend Volunteer orientation.
3. Accept orientation instruction and training in your assigned area/department.
4. Respect the rules of the hospital and support them.
5. Accept the direction and suggestions from those who will supervise you.
7. Take complaints to the Volunteer Coordinator for resolution.
8. Complete Health Screening form and meet with the Employee Health Nurse (TB test and flu
   vaccine is required).

The main function of volunteers is to help. You won’t be asked to perform tasks that are normally performed by
paid staff members. You will perform extra services that employees do not always have time to do. These
services add to the welfare of patients and often help the hospital to function better by freeing employees to take
care of essential services.

Thank you for considering Olympic Medical Center in your search for volunteer service.
